

MITEL

Superset 4025

Full function, multi-line, backlit digital display business telephone. The Mitel® Superset™ 4025 is a handsfree speaker phone with context-sensitive softkeys providing users fast and easy access to the full features / functionality of Mitel SX-200® and Mitel SX-2000® PBX business telephone systems.

Users

For any user within the enterprise that requires information about calls they handle combined with user-programmable access to advanced PBX telephone system features. Ideal for users who must change their telephone feature set to match their changing needs, especially managers and professionals who may travel frequently, are often away from their desk, and frequently participate in conference calls. The Superset 4025 is also ideal for contact center/help desk agents.

Call Handling Features

- Speaker phone
- Handsfree operation (half duplex)
- 20-character backlit display
- Context-sensitive softkeys for feature-set customization
