Want the latest Gadget ?

Here at Sabre Telecommunications we believe in rewarding our customers for their business. During the month of March, every single order we receive over the value of £5000 (ex VAT) will attract an Apple iPad or equivalent device.

All you need to do is let your Sabre account manager know when you will be placing your order and we will sort out the rest.

For all those who don't want the latest gadget, simply let us know your alternate preference and we will do our best to accommodate your request.

Sabre in brief

Sabre Telecommunications Ltd is a Unified Communications Specialist with their head office based in the cosmopolitan City of Brighton. The Company have been trading successfully for over 15 years, selling, installing and maintaining AVAYA SME and enterprise solutions for our customer sites situated throughout the UK and Europe.

Sabre are an innovative forward thinking Company who are continually looking for new ways to improve and simplify communication technology for our customers. Sabre have consistently maintained the highly coveted AVAYA Silver Partner Status and specialise in the award winning Avaya portfolio including the Avaya IP Office, Avaya Definity and Avaya Aura Communication Manager UC communications solutions. To complement the Avaya portfolio, Sabre has chosen best in breed products such as Polycom, Extreme, HP, Avaya Data, Enterasys and Triline. In addition Sabre has a comprehensive network solutions for all your fixed line, mobility and data infrastructure requirements.

Sabre's extensive customer base of high profile clients includes eBay, Sandhurst Military Academy and the Royal Navy's new T45 warships. Sabre works hard to build long-term relationships with its customers, providing them with consistent and reliable service and support. The ongoing account management helps clients keep up to date with new technologies to meet their ever-changing business needs, and this in turn drives down costs and improves customer service.

THE IPAD
