Need the latest technology ?

0% Finance is brought to you by Sabre Telecommunications in partnership with Avaya Financial Services (AFS) and is specifically targeted at the market leading Avaya IP Office 500 and it's comprehensive range of applications, management tools and endpoints.

No other telephony solution in today's market offers a truly flexible hybrid solution allowing you to protect your investment both today and in the future.

BENEFITS

Maximise the buying power of your budget...

Avoid paying for all your equipment and services from the outset. Instead spread the cost over three, four or five years with absolutely no interest charges and get your ideal technology based system.

Easy budgeting...

Payments are fixed during the term of the agreement allowing you to budget with certainty over the term of your lease.

Save Working Capital...

Pay for the equipment as it is used instead of in advance and free up your working capital facilities, which could be allocated to additional projects within your business. Installation and training can also be included in your lease reducing any up front costs.

Technology refresh options...

During the course of the agreement if your equipment requirements change, Sabre's approach towards Tech Refresh will allow you to benefit from the latest technology when your business needs it.

*FREE IPAD OFFER

With every order placed and invoiced over £5000 (excluding VAT) , you will receive a free of charge Apple iPad or equivalent. Please contact your account manager for any specific requests.
